SPECTUS

PROPOSED FOR CBSE

About School

Modak International School was established in 2016, run under Sanjay Modak Education Society and the gracious guidance of founder President Mr. Sanjay Modak.

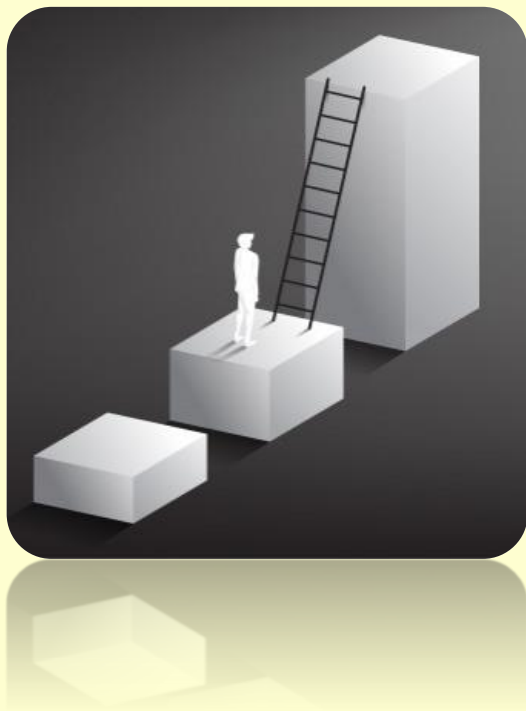

Education today cannot be confined to a limited objective of making the student literate, but a holistic approach is required to ensure the overall development of personality of the student.

The school executes a varieties of activities and events to make learning a world class one. We inculcate positive attitude in the student and prepare them to face new challenges in the world. The students are exposing to the rich and proud heritage of our country. They are also made aware of social responsibilities and their role in the society.

We strongly believe that, “To construct the India of tomorrow ; We invest in education today”.

MIS VISSION

“Our vision is to enable every young mind to quest the true spirit of learning with the value and Skill of Knowledge to face the new challenges in the rapid changing of world”.

MIS MISSION

“ MIS aims to channelize the positive energy of the students and to develop their inner qualities, academically, spiritually and emotionally to build them as complete man. We strive to achieve the leadership with the quality education by providing our best resources”.

Mr. Sanjay Modak
President, SMES

I would like to extend a warm welcome to you and your child to our school. We realize that starting school is a big step in a child's life. We hope that brochure will answer many of the questions about the school. Sanjay Modak Education Society has a good reputation in the local community. Our staff work extremely hard to ensure that your child spends a happy and fulfilling time with us. We value strong supportive partnership between home and school to help each child achieve their best. The governing body are actively involved in school life and feel very proud of Pune and its excellent reputation.

Mrs. Manisha Modak
Secretary, SMES

Dear Parents,

Choosing a school for your child's Education is an important decision. Sanjay Modak Education Society is a successful Educational Institutional, where we care each child as an Individual. Pupils are encourages and supported to reach their highest potential in all areas of school life. We provide simulating happy, caring and nurturing atmosphere. We also develop kindness simulating honesty and consideration for others. We aim to work in close partnership with you so that your child's individual needs are met. We are always willing to answer any question or concern.

Mr. Sruti Ranjan Barik
Principal

Warm Greetings to all!

Academic excellence is our primary aim, the school is also devoted to build our young generation to face the challenges of tomorrow and to inspire them to compete with true spirit and become a worthy human being in the society. We at MIS committed to provide a complete balanced atmosphere focused on shaping children into a leader tomorrow.

We believe in involving parents as equal partner with teachers for the Intellectual, Spiritual, Emotional growth of a child. We welcome you stretch your hands with cooperation and love to build the bright future of our young generation.

Wish you a wonderful Academic session.

Regards

INFRASTRUCTURE & FACILITIES

SCIENCE LAB

The school has well-equipped laboratories to enhance the learning ability and skill of the children. The science labs provide ample opportunities to do practical work and conduct scientific investigations. Varied experiences are provided to the students to supplement the theories learnt in the class.

LIBRARY

The libraries (Senior and Junior) are the fountain head of the knowledge. They provide rich material to supplement and enrich the instructions and guidance given in the class rooms. The total numbers of books for the library are of 5,000 (approx.) with the number increasing with each passing day. The library has sections ranging from reference books, text books of fiction, non-fiction and general knowledge science encyclopedia, Stories . Novels, Comics, Olympiads, Dictionaries, E learning Materials.

PHYSICAL & HEALTH EDUCATION

Physical Education plays a pivotal role in the growth and development of a child. Physical activities stimulate growth and leads improved physical and emotional health

The school provides excellent sports facilities:

OUTDOOR GAMES	INDOOR GAMES
<ul style="list-style-type: none">• Basket Ball• Volley Ball• Kho-Kho• Kabaddi• Cricket• Athletics	<ul style="list-style-type: none">• Chess• Carrom• Table Tennis• Badminton

SMART CLASS

The Smart Class Programme has been introduced to provide a whole range of course material incorporating the CBSE. Syllabus with graphics, diagrams, illustrations and animation in 3D format. All this has made the class-room learning more interesting and has stimulated the students to visually capture the more complex and elusive concepts. The smart class programme has turned the abstract into concrete; it is mind stimulating and has helped in improving concentration and comprehension.

MODERN COMPUTER LAB

The computer science centre has become an integral part of the curriculum looking after the modern day information technology in two specially designed courses. One course familiarizes junior students with Computer Literacy Programme

ART EDUCATION

Art & Craft

Art stimulates a totally different part of a student's intellect & imagination. Keeping this in view, children are encouraged to learn various arts. Painting, flower arrangements are some of the arts the children learn. The Art & Craft room is an expression of young enthusiastic spirit, creativity & togetherness. The place is always buzzing with activities.

Music & Performing Art

A well designed Activity room with adequate facilities of music, dance and drama ensures that children's creative side finds expansion & expose.

Multipurpose Hall

The School is having well equipped fully functional multipurpose hall with seating capacity 500 students. It has facilities for conducting various competitions, seminars, yoga, and various other activities.

ACADEMICS:-

Learning is not just teaching children specific subject matter. It is a process of series of experience that has led to the great. It is important to every young person to get good grades and take steps towards academic development. Learning is a gift and they will have for life time . Our efforts in to methods of technology.

To provide stimuli to the intellect of the child to gain and develop a love of learning modern method of teaching are used. Audio visual learning aids, smart class, projector, computer etc. are used in large extent to create the teaching learning process more effective & interesting .

COURSE OF STUDY:-

PROPOSED FOR SECONDARY LEVEL
